

Authorized AI Sire Application Form

Bulls with semen collected for sale are required to apply for registration into the Charbray Society of Australia Ltd data base of Authorized AI Sires. All applications must meet regulation requirements & be submitted with a DNA Profile and Colour Image. AI Sires that currently have their DNA profile on file with the Society do not need to re-apply. An amnesty will apply to waiver the fee of \$275 for approved applications received with all requirements up until the 31.12.22. Approved applications received from the 01.01.23 will be liable for this fee.
